

Climate Change Solutions for a Carbon Economy

Technologies and Policies for Carbon Removal

The San Mateo County Chapter of [Citizens' Climate Lobby](#) presents a community event at Half Moon Bay Library on carbon removal as a solution to the climate change crisis. The presentation will focus on how to build a “new carbon economy” that sequesters more carbon than it emits. This free event will explore the scientific, business, and policy opportunities for transforming carbon from a waste back into a valuable asset that can spark a wave of innovation and economic growth aligned with achieving our climate goals.

Noah Deich, Executive Director of [Carbon180](#), will be the featured speaker.

Monday, June 17th, 2019

Half Moon Bay Library, 620 Correas Street

Doors open at 6:00, presentation begins at 6:30 pm.

Light refreshments will be provided.
